

Oakridge Community Primary School

School policy on the teaching of phonics and reading

This policy is a statement of the aims and principles that will guide the teaching of Geography at Oakridge School.

'Our pupils learn to read and write effectively and quickly using the Read Write Inc. Phonics programme.'

Read Write Inc. Phonics

The programme is for:

- Pupils in Year R to Year 2 who are learning to read and write
- Any pupils in Years 2, 3 and 4 who need to catch up rapidly
- Struggling readers (those who with extra support will be able to access the Year 6 SATS) in Years 5 and 6 follow Read Write Inc. Fresh Start.

In Read Write Inc. Phonics pupils:

- Decode letter-sound correspondences quickly and effortlessly, using their phonic knowledge and skills
- Read common exception words on sight
- Understand what they read
- Read aloud with fluency and expression
- Write confidently, with a strong focus on vocabulary and grammar
- Spell quickly and easily by segmenting the sounds in words
- Acquire good handwriting.

In addition, we teach pupils to work effectively with a partner to explain and consolidate what they are learning. This provides the teacher with opportunities to assess learning and to pick up on difficulties, such as pupils' poor articulation, or problems with blending or alphabetic code knowledge.

We group pupils homogeneously, according to their progress in reading rather than their writing. This is because it is known that pupils' progress in writing will lag behind progress in reading, especially for those whose motor skills are less well developed.

In Reception we emphasise the alphabetic code. The pupils rapidly learn sounds and the letter or groups of letters they need to represent them. Simple mnemonics help them to grasp this quickly. This is especially useful for pupils at risk of making slower progress. This learning is consolidated daily. Pupils have frequent practice in reading high frequency words with irregular spellings - common exception words.

We make sure that pupils read books that are closely matched to their increasing knowledge of phonics and the common exception words. This is so that, early on, they experience success and gain confidence that they are readers. Re-reading and

discussing these books with the teacher support's their increasingly fluent decoding. Alongside this, the teachers read a wide range of stories, poetry and non-fiction to pupils; they are soon able to read these texts for themselves.

Embedding the alphabetic code early on means that pupils quickly learn to write simple words and sentences. We encourage them to compose each sentence aloud until they are confident to write independently. We make sure they write every day. Pupils write at the level of their spelling knowledge. The quality of the vocabulary they use in their writing reflects the language they have heard in the books the teacher has read to them; they have also discussed what the words mean.

Our aim is for pupils to complete the phonics programme as quickly as possible. The sooner they complete it, the sooner they will be able to choose books to read at their own interest and comprehension level.

Pupils are taught the importance of using grammar correctly, so they can communicate clearly and convey their meaning effectively.

Pupils are taught to articulate their thoughts and ideas out loud and to communicate what they know and understand. Pupils answer every question with a partner, comment on each other's ideas, clarify each other's thinking, and build upon each other's thoughts and ideas. The teacher asks questions to take their thinking further and clears up any misconceptions. Partner discussion helps teachers assess what and how pupils are learning throughout the lesson.

Assessment:

Outcomes for children Assessing and tracking progress

We assess all pupils following Read Write Inc. Phonics using the Assessment and Grouping assessment sheet. We use this data to assign them to their correct Read Write Inc group which ranges from Sound group A to Grey level group. They are then assessed at the end of every half term so providing us with a very good indication of how well they are making progress relative to their starting points. We do this for all pupils, whenever they join us, so we can track all of them effectively, including those eligible for the pupil premium.

For those on the Read Write Inc. Phonics programme, we record their starting date and entry point on the tracker to monitor the rate at which they are making progress. We can also easily identify those who joined the programme later.

In addition, we use a standardised reading test Hodder Education Diagnostic Reading Analysis so that we can ensure that the gains our pupils are making are age-appropriate.

We aim for all children to be accurate and speedy readers by the time they enter Key Stage 2. We have high expectations of our pupils' progress. Pupils who are making slower progress usually complete the programme by the end of Year 2/3. We support pupils who have identified special educational needs for however long it takes until

they can read. For example, we identify those who are at risk of falling behind their peers immediately - whatever their age. Highly trained staff tutor them for 15 minutes every day, using the Read Write Inc. Fast Track tutoring programme. If a child arrives in Key Stage 2 reading below their chronological age or with English as an additional language they are taught Read Write Inc. Phonics until they too catch up with their peers.

By the end of Key Stage 1, our aim is for our pupils to be able to read aloud age-appropriate texts accurately and with sufficient speed for comprehension. This means that we can focus on developing their comprehension, preparing them well for transition to Key Stage 2. Their good decoding skills mean that they have a sound strategy for decoding unfamiliar words when they come across them at whatever stage or in any subject, even into secondary school.

Narrowing the gap - and the pupil premium:

The programme as a whole has been very effective for our pupils in narrowing performance gaps between different groups.

We know from our tracking that our pupils who are eligible for the pupil premium have made progress in line with that of our other pupils or are catching up quickly.

Impact across the curriculum:

Our teachers are enthusiastic about using the Read Write Inc. programme because they can see how well pupils learn from it and the progress they make, not just in English, but across the curriculum.

1. Data is used effectively to ensure gaps are closing between all groups - in particular those eligible for the pupil premium (Read Write Inc. assessment and tracking, standardised reading tests, phonics screening check).
2. We aim for 80 - 90% of pupils complete Read Write Inc. Phonics by end of Year 2 Term 1.
3. Slower progress pupils and those with specific SEN are taught in small homogeneous teaching groups and receive Read Write Inc. Fast Track tutoring.
4. We aim for 90%+ of pupils meet the standard in the phonics screening check in Year 1 and 100% in Year 2.
5. We aim for 90% of pupils achieve an age-appropriate score at the end of KS1.
6. We aim for 90% of pupils achieve and pass score at KS2 and a pass score on the GaPS test.

Quality of teaching, learning and assessment:

The programmes' 'cycle of instruction' means that, after direct instruction and guided practice, the pupils teach another pupil. In this way they all rehearse and consolidate what they have been learning. This helps the pupils to make their understanding clear to themselves and helps the teacher deal with any misconceptions. 'Partner teaching' is a key assessment tool.

In Read Write Inc. Phonics, because the pupils are grouped across the school in terms of their reading ability, they are reading at an appropriate decoding level every day. The homogeneous groups in the Phonic lessons help us to focus the teaching and ensure pupils learn to read quickly. The Reading Leader assesses and records the results from the Assessments 1 and 2, which take place at the end of every half term. This data allows us to intervene in different ways. For instance, we quickly move pupils to another group if they are progressing faster than their peers. Those who continue to struggle (the bottom 20%), have one-to-one tutoring so that they keep up.

All the pupils are engaged, with a positive impact on their behaviour. They learn to participate fully: we agree with them the rules for working in a group or discussing with a partner. We discourage 'hands up' for answering questions because we believe that all pupils should answer every question. The teacher selects pupils to answer.

The Read Write Inc. programmes have detailed lesson plans. These give the teachers practical day-to-day guidance, but we work hard to build on these plans so that the lessons are matched carefully to the needs of their particular group. Every activity is prepared thoroughly and has a clear purpose. The teacher explains this at the beginning so that the pupils understand, during the activity, what they are learning and why.

Additional support for lower-attaining pupils learning to read:

Pupils in the 'lowest' attaining group have the widest variety of needs. This is therefore the least homogeneous group. In order to give these pupils the same carefully targeted teaching as all the other groups, some of these pupils have daily one-to-one tutoring for 10 to 20 minutes, in addition to their group session in the morning. This tutoring helps us to meet their individual needs.

Feedback and marking:

We emphasise constructive feedback. For example, we praise pupils for how hard they work together to ensure that their learning is successful. We have clear systems for marking pupils' work, following the school Marking Policy. Pupils know their teacher's expectations for each activity. We mark most work with the pupils in the lesson.

See Guidance for marking writing in Read Write Inc. Phonics lessons

Homework:

All children take home their phonetically appropriate book which is related to the RWInc reading book they are using in school that week. They also take a copy of their phonics group book home as well, this is a book that they are confident to read at home, even if their parents cannot read with them. Pupils also take home a story/non-fiction book that they cannot yet read for themselves, these books are to share with their parents/guardians at home. We encourage children to read widely and often.

Quality of teaching and pupils' progress:

The headteacher and reading leader monitor pupils' progress together until every child can read. No child is left behind to struggle. We record lesson observations and any subsequent coaching alongside the 'Practice Map' so that we can see if there is a correlation between the quality of the teaching and the progress pupils make.

1. The Read Write Inc. 'cycle of instruction' is embedded across the curriculum - MTYT, TTYP. Pupils do not raise their hands to answer questions.
2. Close grouping in Phonics is maintained - pupils are moved on quickly.
3. The purpose of each activity is clear to both teachers and pupils.
4. In Phonics, pupils read books at home that closely match their word reading ability.
5. Teaching is monitored thoroughly (see Leadership and Management).

Personal development, behaviour and welfare:

Pupils have very positive attitudes to the programme. Their good behaviour and the virtual absence of low-level disruption in lessons contribute to the progress they make. We support this behaviour by using silent signals for gaining their attention, for setting up partner routines, and for managing the way pupils move around the classroom. Everyone uses the same signals. The teachers are encouraged to use these strategies in other lessons, too, so that the approach to behaviour is consistent throughout the day.

We believe that the partner work and the homogeneous groupings organised to teach Read Write Inc. Phonics, help the pupils learn to work together. Effective partner work has the benefit of helping pupils to work closely with others - especially those who are not their best friends. Quick bonding activities help new partners to get to know one another. Boys and girls, first and second language learners, assertive and reticent pupils, and pupils of different ages learn to get on together. Potential bullying is explored and discussed so pupils know how this can develop and how to deal with it if it does. Pupils are taught the manners and behaviour that are necessary to work with adults and other pupils. Adults are expected to demonstrate positive attitudes and good manners, and to act as role models for pupils. Praise for hard work and good behaviour is fundamental to pupils' progress. The values of courtesy, consideration and kindness are at the heart of every lesson, taught through the programme and embedded in other lessons. All the staff use the same positive strategies for behaviour

management across the school. Working well together, as part of a team, is at the core of the school's work - for staff and pupils.

Attendance:

The programmes are intensive and cumulative, so poor attendance severely disrupts the progress of any pupils who are absent, for however short a time. One of the teachers acts as the attendance manager who arranges a meeting with the reading leader or headteacher and the parents of the pupils who have poor attendance and low reading ability.

1. All staff use the Management signals consistently in and out of lessons.
2. Partner work is modelled and practised until pupils work willingly and supportively with pupils who are not their friends.
3. Praise is fundamental in helping pupils make progress and behave courteously.
4. Staff are consistently kind, considerate to each other and to pupils - no shouting, shushing and nagging.
5. Pupils attend every day, unless poorly.

Effectiveness of leadership and management:

Shared vision

The school's shared vision is that every pupil learns to read quickly and continues to read - widely and often. The headteacher works with all the staff to ensure that this happens. In particular, she/he works closely with the reading leader/ Literacy and Language leader to monitor the quality of teaching and to provide coaching for staff (teachers and teaching assistants).

The role of the reading leader is critical. Alongside the headteacher, the reading leader drives the teaching of Read Write Inc. Phonics, ensuring that all pupils follow the expected progress line and move off the programme by the Spring of Year 2.

The reading leader's roles include:

- ensuring that our teaching of reading is of the highest quality and that all our pupils make progress
- ensuring pupils in the 'lower progress' group are making good progress and organising Fast Track tutoring for the pupils who need extra support
- keeping the groups homogeneous, i.e. at the same reading level
- providing further training (through masterclasses, coaching/observation and face-to-face feedback).

Teachers alert the reading leader to any pupil whose progress is faster or slower than the rest of their group. The reading team is made up of a team of good teachers and

teaching assistants (TAs) who each teach a group of pupils at the same reading level. Each group consists of between 2 and 6 children.

Professional development:

A key element of Read Write Inc. is consistent whole-school practice, underpinned by appropriate professional development. The headteacher, all the teachers and teaching assistants are trained to teach reading. All staff have attended Phonics training and the trainer has returned to support us on subsequent development days, during the 2020/2021 academic year. We hold Development Days every year to ensure we are aware of up-to-date practice. Staff development is ongoing and we hold meetings during the school year to focus on specific areas on the Read Write Inc phonics programme.

Parents and carers:

We invite parents/carers to an initial meeting and we hold workshops regularly to show how they can help their children read at home. We would like them to help their children, but we also recognise that some are not well-placed to do this. If they don't, their children won't suffer; it is our job to teach their children to read.

We organise repeat meetings for those who do not or cannot attend. We ensure that pupils whose parents do not attend keep up with their peers. We check that they make good progress in lessons, we give them extra one-to-one lessons, and we encourage them to read to themselves and to siblings at home. We also send links home for use of the Virtual Classroom which can be found on the Ruth Miskin Portal, for children who are struggling with a specific sound or are in the bottom 20%.

1. All staff are trained and the school books regular Development Days.
2. The headteacher observes lessons with the reading leader/Literacy and Language Specialist. They discuss pupil progress and areas to develop.
3. The reading leader meets with the reading team every week for a 30-minute masterclass - focusing on one activity.
4. The reading leader organises regular workshops with parents

Naomi Bannister (Reading Leader)
